

Want to Change Your Password?

Log on to password.mvnu.edu and sign up today. Password.mvnu.edu is a quick easy to use website that allows you to change your MVNU password at any given moment.

The screenshot shows a web browser window with the URL <https://pss.mvnu.edu:9251/showLogin.cc>. The page features the Mount Vernon Nazarene University (MVNU) logo on the left, which includes the word "COUGARS" and a cougar head. On the right, there is a blue button with a key icon and the text "Forgot your password? Reset Your Password". In the center, a white box with a blue border contains a message: "Please Login Below To Register" in yellow, followed by "You must register before you can reset a password" in red. Below this message are two input fields labeled "User Name:" and "Password:", and a "Login" button.

This service is for the exclusive use of authorized users of Mount Vernon Nazarene University.

You will log in to the web page using your MVNU username and password. During your first time on the site you will have to create three security questions to reset your password. After successfully creating your security questions you will then go to the upper left hand corner and click on "Change Password". This is where you will type in your old password and your new password.

Keep in mind that you have to have at least 8 characters with two of these three required fields: a number, a capitalization, or a symbol.
